

DMG MORI SEIKI Brand 5-axis Machining Center  
Model : DMU65 monoBlock YOM : 2023  
S/No.12140022063 Controller : 840Dsl Operate(CELOS) Siemens  
ATC90 stations HSK-A63 15,000 rpm

### 《Specifications》

Table size :  $\phi$  650 in 800 x 650 mm  
Travel X : 735 Y : 650 Z : 560 mm  
A :  $\pm 120^\circ$  C :  $360^\circ$   
Spindle taper : HSK-A63  
Spindle speed : 15,000 rpm  
ATC : 90 stations

Machine height : 2,897 mm  
Machine weight : 12,000 kg

### 《Options》

In-machine measuring device (spindle) (SK40) Renishaw PP60  
3D quick set  
ATC (Application Tuning Cycle)  
NC controlled tilt rotary table C-axis direct drive (A-axis tandem)  
Production package 8MPa/980L, frequency control  
Coolant temperature control device (for 980L/1300L tank)  
Air blast (spindle center through air)  
Mist collector interface  
In-machine tool measuring device Bloom  
Operation mode 4 (conditional release of interlock)  
High precision specification  
Signal light 4 colors / Frequency 60 Hz specification  
Lubrication oil set  
Frequency 60 Hz specification  
Tropical package (for machine ambient temperature up to  $50^\circ$  C)  
Manual pulse handle/ Coolant gun  
Safety package (for power outages)
